

EcoFlex LED Task Light Series

Designed in consultation with industry experts, the innovative EcoFlex LED bench lights by Dazor are affordable, rugged and energy efficient.

Dazor's EcoFlex Series of LED tasks lights provide an ideal beam of light for performing detail work or close examination of objects and surfaces.

The versatile, sleek and compact head rotates for precise positioning. Dazor's advanced LED thermal engineering allows light to remain cool to the touch and will provide countless years of dependable use.
